HEAVY FINES BEING LEVIED ON RAILROADS

For Their Failure to Deliver Mail On Schedule Time.

INSISTS ON BETTER SERVICE

Senator Clay Goes Over Situation With the Postal Authorities—General Shallenberger Says Fines Provided by Law Are Being Levied.

Washington, D. C., Dec. 6.—Senator A. S. Clay has taken up actively with the postoffice department the problem of reforming the demoralized train service in Georgia and throughout the south.

At a lengthy conference with Second Assistant Postmaster General Shallenberger, he inquired particularly what the department was doing to remedy the trouble, and went over the whole situation exhuastively.

"I propose," said Senator Clay, "to relieve the trouble brought about by delayed mail and passenger service, and I wish to see the legitimate demands of the public fully satisfied, while at the same time working no injustice to the railroads. The people are entitled to the service which the railroads are being paid to perform and I believe this can be secured without visiting any hardship on the railroads."

General Shallenberger, second assistant postmaster general, declared that the post office department was following out strictly the law providing for fines and penalties to be levied against railroads for non-performing duty in carrying the mails.

The act making appropriations for the postal service for the fiscal year ending June 30, 1907, provides that the postmaster general shall require all railroads carrying the mails under contract to comply with the terms of said contract as to time of arrival and departure of said mails, and it shall be his duty to impose and collect reasonable fines for delay, when such delay is not caused by unavoidable accidents or conditions.

It is declared that these fines have been regularly imposed. No figures were available for the past quarter from July 1 to September 30, and will not be announced until January 1. General Shallenberger declared that these fines, the amount of which are in the discretion of the postmaster general, are being vigorously resisted by the railroads against whom levied.

If a train is thirty or more minutes late ten times during a quarter, it is subject to this fine. General Shalleberger announced that under the law he now has the right to fine all trains carrying the mails, when schedules are delayed. This general law did not go into effect until July 1 of this year, and he now has evidence of all avoidable delays and in each case suitable penalties will be inflicted and he hopes by putting in operation the general law put in the postoffice appropriations bill at the last session of congress to relieve the public from serious trouble in future.

It is evident that if this law, now on the statute books should fail to give relief, the postoffice appropriations committe will take the subject up with the view of fixing a heavy penalty and making it definite, and also to empower the postmaster general to approve the schedules of trains carrying the mails.

Advices were received at the postoffice department that the Southern railway would voluntarily relinquish the subsidy it has been receiving for carrying the mails.

By appropriation of congress for the past several years the sum of $142,728.75 has been annually appropriated for this service. Only one other railroad in the country—a short line in Kansas—has been the beneficiary of a similar subsidy for the fiscal year ending June 13, last. The fines against the Southern on this account amounted to $47,612.07. The postoffice department has opposed the subsidy to the Southern railway, and made no allowance for this service in its estimate of expenses. The subsidy was provided last year by a majority of only one vote in congress, and it is doubtful if it would have carried this year. None of the officials here would state whether the voluntary relinquishment of the subsidy without a contest was evidence of an intention by the Southern to abandon the operation of mail train No. 97. Colonel Andrews, the first first vice president, is in New York and until his return it is not known what will be done about continuing this train.

Car Inspector Shoots Physician.

Atlanta, Dec. 6.—A. L. Thomas, a car inspector for the Seaboard Air Line railway, Tuesday afternoon fired five shots at Dr. Willim Cawhern, on Marietta street, and three of them took effect. Dr. Cawhern was injured in both hands and in the hip, but will recover. Thomas alleges that Dr. Cawhern has destroyed the happiness of his home and declares that this is why he shot him. The charge is vigorously denied by Dr. Cawhern. After the shooting Thomas walked into the store of Dr. G. Y. Pierce at 709 Marietta street and from there the police were notified. He coolly waited for the police to come for him.

Killed In a Street Duel.

Mobile, Ala., Dec. 6.—In a three-cornered street duel at Millry, Washington county, 50 miles north of Mobile, Walter Murphy was killed by John Warrick, after Murphy had made an attempt to shoot and kill Lib Warrick. About 50 shots were fired, John Warrick firing eight times at Murphy before he killed him. The trouble was brought about by a joke between Lib Warrick and Murphy. All the parties are well connected.

Crapsey Will Make Address.

New York, Dec. 6.—The Rev. Dr. Algernon S. Crapsey, of Rochester, recently deposed from the Episcopal ministry, has accepted the invitation of the Society of the Genesee to speak at its dinner in honor of Speaker J. W. Wadsworth, Jr., at the Waldorf-Astoria on Saturday evening, Feb. 2. Dr. Crapsey's subject will be "Some untold truths that the world should know." This will be his first public address following the severeance of his relations with the church.

Four Children Burn to Death.

Westfield, N. J., Dec. 6.—Four children, two boys and two girls, ranging in age from two months to five years, were burned to death at their home near here. Mrs. W. F. Wezel and Mrs. Oscar Felter who lived together with their two children each went out to work, leaving their little ones at home alone. During their absence their house caught fire. Firemen extinguished the flames and found the bodies of the children burned beyond recognition.

Abandoned Barge Providence.

Philadelphia, Dec. 6.—Captain Larson, of the steamship Florida, which passed in Delaware breakwater Wednesday from Sabine Pass, Tex., reports that he abandoned on Monday the barge Providence which he had in tow for Claymont, Del. The captain reports that the crew of the barge was taken aboard the Florida and that when abandoned the vessel was in a sinking condition.

Police Inspector Killed by Workmen.

St. Petersburg, Dec. 6.—Police Inspector Sherimeteff who, after the anti-Jewish outbreak at Bialystok, in June last, for which he was said to be responsible, was transferred to St. Petersburg, was shot and mortally wounded by a workman near the Fontanka canal. The inspector's assailant then shot and killed himself.

Lawyer Cuts His Throat.

Beaumont, Tex., Dec. 6.—John Sharp, aged 35 years, a prominent lawyer of Cameron, Tex., committed suicide in his room at a local hotel. The causes that led to the man to commit the act are unknown. The deed was committed with an ordinary pocket knife. He cut his throat from ear to ear.

Negro Is Granted Respite.

Nashville, Dec. 6.—Governor Cox has granted a respite of two weeks to John B. Smith, a negro, who was to have been hanged in Knoxville on Wednesday for the murder of a woman with whom he had been intimate.

50 PERSONS PERISH IN GREAT FLOOD

Town of Clifton, Arizona, Practically Washed Away.

NEWS OF THE DISASTER MEAGER

The Concentrator Dam, Constructed Entirely of Earth, Gave Way and Precipitated the Flood Upon the Little Town Causing Great Loss.

El Paso, Tex., Dec. 6.—From information received here late Tuesday night it is believed that the little town of Clifton, Ariz., has been practically washed away. The Copper Queen hotel is said to have been swept away by the flood and at least fifty persons lost their lives.

The Concentrator dam, which gave way, precipitating the great flood upon the town, was constructed entirely of earth. The dam was carried away two years ago as a result of the swollen streams and a number of persons were drowned.

A message received here from Tucson, Ariz., says that Clifton is half destroyed. The report that scores of persons were drowned is partially confirmed.

Phoenix, Ariz., Dec. 6.—Up to a late hour Tuesday night nothing confirmatory of the Clifton disaster had been received except private dispatches sent from one friend to another. One of these said:

"Half of Clifton is destroyed. I am O. K."

Numerous inquiries have been directed to the scene but they have been unavailing. It is believed here that a disaster has undoubtedly occurred.

Clifton is a town in Graham county, southeastern Arizona. In 1900 the population was 864. It is located at the end of a branch of the Arizona and New Mexico railroad, and has a telegraph and express office. It is built upon the bank of the Rio San Francisco, a branch of the Salt River.

Globe, Ariz., Dec. 6.—All railroads communication with this city is cut off for a week at least, by the carrying away of the bridge over the Gila river near San Carlos. Passengers and mail may be transferred in a few days, but it may be much longer before freight can arrive here.

The old Dominion company has a three weeks' supply of fuel, but the other companies operating here may have to close on account of shortage of oil. It is believed that there is enough of fuel and provisions in the city to prevent any famine.

Colon, Dec. 6.—Up to last night 10 inches of water had fallen in Colon during two days. The Chagres river has reached the highest point ever known and is still rising fast, while commmunication and traffic by way of the Panama railroad are interrupted. The inhabitants of the villages north of Bas Obispo necessarily will suffer greatly from the flood, as it will be impossible to get relief to them until the Chagres subsides. There was no rain here this morning.

The high winds of Sunday night tore the roof off the market and lightning struck the middle pole of the wireless telegraph station and in failing damaged the power house.

There has been no tigraphic communication with Panama since Tuesday. The washouts on the railroad are most severe between Mamel and Gorgona. The Chagres has risen 28 feet. The bridge at Matchin has been carried away and the town is 5 feet under water. Some of the machine shops of the canal constructors are flooded to a depth of 2 feet. The work on the canal has been suspended on account of the inundation.

Lord Curzon Sails for Europe.

New York, Dec. 6—Lord Curzon, formerly viceroy of India, who came here several weeks ago, sailed for Europe Wednesday on the steamer Oceanic. Other passengers on the steamer included Charles Frohman, the theatrical man, and Hadden Chambers, the dramatist.

WOMAN TRIED FOR MURDER.

Young Mississippi Woman Charged With Shooting Physician.

Hazelhurst, Miss., Dec. 6.—The trial on a charge of murder of Mrs. Angie Birdsong, a young member of one of the most prominent families in Mississippi, began Wednesday the choosing of a jury having been nearly completed yesterday.

Mrs. Birdson shot and killed Dr. T. H. Butler, also a member of a prominent family, and nephew of former Governor Longino, of Mississippi, on Nov. 25, 1905.

The shooting occurred in Dr. Butler's office in Monticello, Miss., where Mrs. Birdsong resided. The young woman went to the office, waited until a patient had completed his interview with the physician and then entering Dr. Butler's presence, fired five shots. Going to the sidewalk she remarked to a gathering crowd that they would find the result of her work up stairs in the doctor's office, and then she surrendered herself to the sheriff. Although admitting the shooting, she has not let her line of defense become public, and the interest in the trial was heightened by the subsequent indictment of her husband as an accessory. He is not, however, to be tried at the present time.

A few days before the shooting Mrs. Birdsong attempted suicide. At her preliminary hearing her mother in law testified that the prisoner had experienced extreme mental agitation over rumors concerning her character.

The prominence of both families in the case and intense feeling in Monticello caused a change of venue to be granted.

Mrs. Birdsong is about 22 years of age and her youth and presence in court of her two small children have already exerted a strong sympathetic influence on the case, making the coice of a jury difficult.

Among the special counsel present at the trial are Senator A. J. McLaurin, former Governor Longino, R. N. Miller, A. C. McNair and R. L. Dent.

Mormons Meet in Chattanooga.

Chattanooga, Tenn., Dec. 6.—Elder Brigham H. Roberts, ex-congressman from Utah, who was denied a seat; Elder George Albert Smith, one of the 12 apostle, and 35 other Mormon elders from various parts of the south, are here to discuss the work of the East Tennessee conference. Apostle Roberts said in an interview: "There is no reason why we should not establish what we call 'stakes' and 'wards' in Zion in Tennessee, Georgia or anywhere else in the land as well as in Utah, Oregon, Idaho, Colorado or Canada and Mexico, where we have such organizations. Our people in the south will be urged, as indeed they have been in the past, to remain in their homes where the gospel found them."

Eighteen Injured in Wreck.

Chicago, Dec. 6.—Train No. 36, on the Monon road, which is the fast limited on that line between Cincinnati and Chicago, was derailed early Wednesday three miles north of the city of Frankfort, Ind., by a broken rail. Eighteen passengers out of a total of 175 on the train were injured, but nobody was killed, and it is not believed that any of the injured will die.

Hearse Driver Killed.

Mobile, Ala, Dec. 6.—At Lucedale, Miss., the horses attached to the hearse bearing the remains of the father of Dr. W. B. Brewton became frightened as the funeral procession started for the cemetery and ran away. The driver, Oscar Grimes, 22 years of age, was killed and the casket was thrown to the ground and the corpse let out and exposed to view. The runaway caused considerable excitement.

Three Hotels Burned.

[illegible], Pa., Dec. 6.—Fire here destroyed three of the largest summer hotels and several frame buildings and for a time threatened the entire village. Help was summoned from Meadville and soon after the arrival of the firemen from that place the flames were got under control. The hotels destroyed are the Arlington, Brunswick and the Thatcher buildings.

DEATH KNELL SOUND FOR CHESTER GILLET

The Jury Returns a Verdict Guilty.

ONE MAN FAVORED ACQUITT

Gillette Heard Verdict Without E[motion]—He Wept, However, U[pon] The Terrible Arraignment of Prosecuting Attorney.

Herkimer, N. Y., Dec. 6.—[The] jury in the trial of Chester E. Gil[lette] for the murder of his sweet[heart] Grace Browne, at the Big Moose [Lake] on July 11 last, returned a ver[dict] of guilty in the first degree. [The] jury was out five hours and two minutes, the case having been g[iven] to the jury after Judge Dever had occupied an hour and fifteen minutes in his charge.

The day's session, until the judge's charge, had been taken up by Dist[rict] Attorney Ward, who described the friendship of Gillette and G[race] Brown and their companionship up to the time of the girl's death. For the first time during the trial the youthful prisoner broke down and was mercilessly scored by the prosecutor.

For some time he glared defiantly at the district attorney, but when the latter read abstracts from the letters sent Gillette by his sweetheart the prisoner burst into tears and at times throughout the remainder of the session sobbed convulsively.

When the jury went to its room and Gillette was led back to his cell he asked the deputy:

"Are the doors all locked, sheriff?"

Apparently he feared vengeance, but there was no evidence of any demonstration on the part of the big crowd that swarmed the court room. After supper the court room filled quickly and many remained long, hoping to witness the return of the jury.

The jury retired immediately after the charge was concluded.

Sentence will be pronounced Thursday morning, to which time court adjourned after the jury had reported.

Former Senator Mills, Gillette's counsel, before adjournment, announced that when court reconvened at 10 o'clock Thursday morning, he would move to have the verdict set aside.

Pale and a trifle nervous, apparently, Gillette faced the jury, and when Marshal Hatch, the foreman, declared that a verdict of guilty in the first degree had been found, the prisoner gave no signs of emotion. A few moments later, when his counsel had announced his purpose of making a formal motion that the verdict be set aside and the judge was thanking the jurors, Gillette bent over the table and picking up a pencil, wrote something upon a sheet of paper, which he then folded the paper carefully and placed it in his pocket. Immediately afterwards he was taken from the court room back to his cell in the jail.

It was learned that the jury had some difficulty in reaching an agreement and six ballots were taken before the 12 men agreed. Up to that time the jury had stood five for conviction and one for acquittal.

The under sheriff took Gillette back to jail and as soon as he entered his cell he prepared hurriedly for bed.

"The reporters want to see you," he said to Sheriff Richards. "Tell them I have nothing to say, and I didn't expect that verdict."

The jury, it was stated, would have reached its verdict quickly had it not been for one juror who thought Grace Brown was a suicide. The other eleven argued against the theory he had formed and half a dozen ballot was taken until finally, on the sixth ballot, the jury agreed.

"Reconciliation" Model Finished.

New York, Dec. 6.—[illegible] Perry has finished the model for the bronze statue "Reconciliation," which will be erected at a cost of about $75,000 under the direction of the New York State Monuments commission for the battlefield of Gettysburg and Chattanooga.

NEWS OF CITY AND COUNTY CONDENSED

Mr. and Mrs. Richard Warrington of Montreal, P. Q., Canada, have arrived in the city and will spend the winter at the home of Mr. and Mrs. W. H. Robertson, East Gainesville. They are charmed with Gainesville, which they declare to be one of the most up-to-date little cities, with the best people, they have ever visited.

S. B. Dobs, a progressive colored farmer of the Alachua section, was in the city yesterday. He called at The Sun office and renewed his subscription. If Alachua county had more such colored citizens as this man, the race and the county would be the better off. Always industrious, honest and attentive to his own affairs, he commands the respect of all who know him.

COLD IN WISCONSIN.

Jesse H. Goss Writes That Eighteen Inches of Snow Covers Ground.

According to a letter received by The Sun from Jesse H. Goss, under date of December 3, it is rather chilly up in Rhinelander, Wis., the letter reporting eighteen inches of snow on the ground at that time.

We Florida folks who bask in the sunshine in the very midst of the cold, blustery winter months of the North, cannot fully appreciate the blessings which are hovering over us. Florida is the grandest country in the world, summer or winter, and we have a great deal to be thankful for.

Friends of Mr. Goss, who is traveling in the interests of the Standard Oil Company, will be glad to learn that he is prospering.

Southern Minstrel Stars.

"Dan" Holt, styled the "Georgia Cotton Blossom," comedian with the Great Barlow Minstrels, is a clever member of Manager Coburn's fun folks and a native of Macon, Ga. He is also the writer and producer of many first-class "coon shouts" and ragtime songs, several of which are used in the company this year and are brand new—just published. "Dan" has a host of friends, is a courteous gentleman and a first-class performer. Another Georgia boy with the company is Mr. S. M. Subers, barritone, a brother of the clever little comedian with the George Primrose Minstrels (Amiel Subers). Mr. Subers possesses a sweet musical high barritone and is singing a number of the best songs of the present season. The singing throughout this year is exceptionally fine. They will be at the opera house tomorrow night

BRAKEMAN INJURED.

While Endeavoring to Alight From Caboose Had Hip Sprained.

A white brakeman in the employ of the Atlantic Coast Line, while endeavoring to alight from the caboose of his train in the yard limits Thursday, struck the step at the wrong time, and just as he "swung off" his body came in contact with a telegraph pole near the track, with the result that his hip and back were severely sprained.

The man received medical attention, and, while his injuries will not prove serious, they are calculated to give him considerable pain and annoyance for the next few days.

Trantham-Jennings.

On the evening of Sunday, December 2, at 6 o'clock, at the home of the bride's parents, Mr. and Mrs. B. S. Jennings, Fairfield, Miss Florrie Geneva Jennings, one of Fairfield's popular young ladies, was united in the holy bonds of matrimony to Melvin M. Trantham of Fort Myers, Rev. M. Price, the Baptist minister of Flemington, officiating.

Miss Lula Thomas and Robert Thagard of Reddick, Miss Ruby Nettles and Elbert F. Mitchell, were the attendants.

The bride was charmingly attired in a dress of white and light changeable silk, trimmed in ribbon and pasementerie. The groom wore the conventional black.

After the ceremony the guests enjoyed a sumptuous wedding supper.

Mr. and Mrs. Trantham left on the early A. C. L. train Tuesday. They will visit several points of interest on their honeymoon, before settling down at their future home in Fort Myers, where the groom holds a responsible position.

North Gainesville Thrift.

The good people of North Gainesville are keeping space with the times, when it comes to thrift and energy

The North Gainesville hall is the pride of the people of that section of the city, for it serves as their temple of worship, their temple of amusement—in fact, it is the center of social attraction, and as a result they keep the building in good repair. The hall will soon receive a fresh coat of paint, which will add greatly to its exterior appearance. Through the generosity of the Baird Hardware Company, five gallons of paint has been donated as a "starter," and the residents feel sure that it will be an easy matter to raise the balance.

Will Buy New Cars.

Superintendent J. B. Cutler of the Gainesville and Gulf railroad has gone to Atlanta in his private car, where he went to arrange for the purchase of one hundred new freight cars for his road.

The business of the Gainesville and Gulf has increased to such an extent that the present supply of cars was entirely inadequate to handle the traffic, but if such a thing is possible the management hopes to remedy this embarrassment within a short time.

Reasons

Why you should use

Cottolene

1—Purity—The source of COTTOLENE is in striking contrast to the source of lard. Lard is made from hog-fat—and COTTOLENE from pure, refined cotton seed oil. Lard contains animal fat and possible impurities; COTTOLENE is essentially a vegetable product; and is pure, wholesome and healthful.

2—Palatableness—COTTOLENE makes more palatable food than lard. It makes food rich, crisp and flaky and at the same time free from that "greasy" taste of lard-soaked food.

3—Digestibility—Hog lard food is greasy and indigestible; COTTOLENE food is easily digested and will agree with the most delicate stomach, as COTTOLENE contains not an ounce of hog-fat.

4—Cleanliness—Lard comes in bulk and insecurely sealed tins, which permit its coming in contact with dirt, dust and contaminating odors. COTTOLENE is sold only in pails with a patent air-tight top which protects it from the air, dirt and odor and insures it reaching the consumer fresh and wholesome.

5—Economy—COTTOLENE being purer than lard or other shortenings, one-third less is required.

PT. THIGPIN IS DOING FINE WORK

adise-LaCrosse Stretch of Hard Road is Now Completed.

NDSOME PIECE OF WORK

The Stretch Extends Over a Mile. Built of Combination of Clay and Sand, and Beautifully Graded—Newberry Road Will Receive Attention.

Road Overseer Thigpin, who has been engaged with his men and teams constructing a little more than a mile of hard road from Paradise in a northerly direction for the past six weeks, has completed this task, with the result that those traveling in that section will have the satisfaction of driving over one of the prettiest and most uniformly constructed "stretches" in the county.

The material employed in the construction of this road was a mixture of clay and sand, of such proportions as to make the road very durable, and easy to keep in good condition with slight repairs. The roadway is twelve feet in width, with the center, or "backbone," at a uniform thickness of six inches. The work is beautifully graded, with just sufficient elevation to turn the water into the ditches provided for its reception. Its construction has clearly demonstrated the fact that Mr. Thigpin knows his business as a road builder.

To Begin New Work.

This stretch of road having been completed, Mr. Thigpin expects at once to begin work of repairs and a general rounding-up of the Newberry road, leading from this city via the University and through Cunningham lake to Hogtown creek. This road was constructed several years ago, and has given excellent service, but it has been in a measure neglected, on account of operations in building new roads in other sections. Mr. Thigpin proposes to thoroughly overhaul the thoroughfare, and will also build some new road west from Hogtown creek. The camp and tools are being transferred, and work will begin upon this road as soon as everything can be got in proper shape.

FROM PROF. CASON.

Is Well Pleased With Southern Baptist Theological Seminary.

Prof. P. Quintius Cason of Hague, one of Alachua county's former well known and efficient teachers who is now a student of the Southern Baptist Theological Seminary, Louisville, Ky., writes an interesting letter to The Sun, renewing his subscription.

Among other things, Prof. Cason says:

"I have always heard that turkeys were very pious fowls, and I now believe it, for a goodly part of thirty-three of them entered the ministry at the dining-rooms of New York Hall, Southern Baptist Theological Seminary, yesterday. Yes, the professors and their wives and all the students and their families dined together Thanksgiving day. It was an exceedingly pleasant occasion, and nearly 400 were present.

"This is a great institution, and every young Baptist preacher in the great Peninsula State should come here."

CATARRH SEASON.

Disease Most Prevalent in the Fall Months—Simple Way to Cure.

With the cool nights of fall, catarrhal troubles in Gainesville are becoming more and more prevalent, and J. W. McCollum & Co., as a consequence, find their sales of Hyomei increasing.

At the first warning of catarrh, one should begin using Hyomei. A few days' treatment at this season of the year will often prevent a serious and chronic attack of catarrh.

There is no stomach dosing with Hyomei. The virtues of its healing oils and balsams are breathed through a neat pocket inhaler that comes with every outfit, and in that way the medication penetrates to the most remote cells of the nose, throat and lungs, killing catarrhal germs wherever present, and soothing and healing any irritation there may be in the mucous membrane.

If you have a cold, or there is any offensive discharge from the nose, or tickling or dropping at the back of the throat, if there is offensive breath, raising of mucous, and smarting and irritation in the throat; if there are any of the symptoms that indicate catarrhal trouble, begin the use of Hyomei at once.

You take no risk in paying $1 for a Hyomei outfit, as J. W. McCollum & Co. give their personal guarantee that if the remedy does not afford satisfaction, your money will be refunded at once. Extra bottles of Hyomei, if needed, cost but 50 cents, making this the most economical treatment for catarrh, as well as the most reliable.

A MONKEY'S ROLES.

Defined by Customs Men as a Bird, a Package and a Dog.

On the travels of a monkey from Genoa to Heidelberg an amusing farce might be written. A German gentleman brought from southwest Africa a tiny monkey weighing barely a couple of pounds. From Tanga to Genoa all went well with the lilliputian animal. It was a favorite with every one and traveled free until Genoa was reached, when its troubles began.

Brought under the notice of the Genoese custom house authorities, it was promptly deprived of its identity. It was no longer an animal; it became a bird, and as a bird, on which 28 cents was charged, it was conveyed to the Swiss frontier, where at a stroke of the custom house officer's wand it was transformed into a cat at the increased assessment of $1.56 and borne by train to Zurich.

On its arrival there it ceased as a cat to exist and became a mere package, an item of luggage that was conveyed to Constance for the nominal sum of 16 cents.

Still as luggage, though metamorphosed from a package into a hand bag, it went on its way to Stuttgart, where a great honor awaited it. It was on payment of $2.04 exalted into a dog, and it was as a dog that it ended its journey at the university town of Heidelberg.—Stray Stories.

Caution.

"Sister Henderson," said Deacon Hypers, "you should avoid even the appearance of evil."

"Why, deacon, what do you mean?" asked Sister Henderson.

"I observe that on your sideboard you have several cut glass decanters and that each of them is half filled with what appears to be ardent spirits."

"Well, now, deacon, it isn't anything of the kind. The bottles look so pretty on the sideboard that I just filled them halfway with some floor stain and furniture polish just for appearances."

"That's why I'm cautioning you, sister," replied the deacon. "Feeling a trifle weak and faint, I helped myself to a dose from the big bottle in the middle."—Life.

Wedding Gifts of Long Ago.

In the list of presents received at the wedding of the daughter of Mr. Moor of Losely, in 1567, from M. Balam, Esq., out of Marshland, in Norfolk, appear the following: "Cranes 9, Hernshawes 5, Curlewes 1, Ducks Mallards 44, Teeles 26, Plovers 9 dozen, swannes 9, larks 38 dozen, Bytters 16, Knotts 4 dozen and 4, Styntes 7 dozen, Godwytts 22." It is a formidable list, including some 850 birds, of which 456 are larks, and must, one would imagine, have been something of an embarrassment to Mr. Moor's daughter.—Country Life.

Says Georgia Law Invalid.

Raleigh, N. C., Dec. 6.—Judge Purnell, in charging the grand jury in the federal court, here, declared his belief that the North Carolina landlord and tenant act of 1903 violated federal statutes. This law was enacted at the instance of landowners to hold tenants to contract. He says a similar law in Georgia was declared invalid by the United States supreme court.

Not Seeking Governorship.

Washington, Dec. 6.—When asked by the Associated Press for an expression apropos of the discussion of his possible candidacy next year for the governorship of Kentucky, Justice Harlan of the supreme court of the United States promptly answered that he had no such thought nor any purpose to in any form engage in political contests at any time or in any way.

THE NEWS FROM MELROSE.

Wonderful Spring Will be Opened. Other Notes of Interest.

Melrose, December 5.—Thanksgiving day was observed by services at the Methodist Epis opal and Baptist churches. At the latter a special collection for the Baptist Orphanage at Arcadia amounted to $10. After the service a bountiful dinner was much enjoyed under the trees near the church.

W. Paschall has rented Mrs. King's cottage, on Park street, and moved his family from Waldo.

Mr. and Mrs. Hamlyn treated a number of their friends to a delightful moonlight trip on the lake on Friday night.

An oyster supper will be given at the Huffman House on the evening of December 14 for the benefit of the piano fund of the Melrose school. Oysters will be served in any style, with other good things, and everybody will be cordially welcomed. The Melrose school, thanks to the efficient management of the Misses Anderson, is in better condition and has a larger attendance than it has had in the past three years, about seventy-five scholars being enrolled.

O. C. Husband and E. F. Ford have been quietly developing a spring on the latter's property with a view to establishing a bathing pool, etc. The water has been examined by State Chemist R. E. Rose, who pronounced it a "very pure water," the analysis showing traces of Cal. Sulphate; Mag. Sulphur, Sodium Chloride; Iron and Alumnia. The spring runs now about thirty-five gallons per minute, and will probably be much stronger when dug deeper. The force of it raises the water so as to run out of a 2-inch pipe sunk twenty feet. The temperature is about 70 degrees all the time, and the supply is very constant, as during the past two very dry months, it has varied hardly any in the quantity of discharge. With the help of a rain the water could be readily forced so as to supply water to the neighboring houses.

Thanks to the contributions of the members of Trinity Episcopal church, many improvements have been made during the summer in the shape of very pretty stained windows, the large east window being specially beautiful.

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists'.

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Was Murdered and Robbed.

Nashville, Tenn., Dec. 6.—On the afternoon of Thanksgiving day, the dead body of William Ardley, aged 25, a white man from Brooklyn, N. Y., was found lying on the sidewalk of Fourth avenue, this city. It is supposed Ardley, wholly intoxicated, fell down a stairway and was killed. The coroner's jury investigated the affair and returned a verdict of accidental death, and Ardley's body was sent to Brooklyn. It has since developed that Ardley was murdered and robbed, and this morning Atkin Harmon, Sam Taylor, Arthur Morton and Grip Jones, white men, were arrested, charged with the crime. It is said Harmon has confessed; implicating the others.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Fish May Succeed Spencer.

New York, Dec. 6.—Stuyvesant Fish, formerly president of the Illinois Central Railroad company, on Tuesday declined to make any comment on the rumor which reached this city from various southern points that he might be chosen successor of the late Samuel Spencer in the presidency of the Southern Railway company. In well informed quarters, it is regarded as unlikely that the post will be offered to him, or that he will accept the offer made, the probability still being that the next president of the road will be one of its present officers.

REASON LEAVES McGOVERN.

Prize Fighter Held for Examination as to Sanity.

New York, Dec. 6.—Terrence McGovern, the prize fighter who is matched to fight "Young" Corbett in Baltimore late in January, was taken to the observation ward of the Kings county hospital in Brooklyn for examination as to his sanity. Accompanied by his wife and step-father, Joseph Kennedy, McGovern arrived from Washington and went to his home in Brooklyn. According to the police he acted in so peculiar a manner at home that Mrs. McGovern was frightened.

He then left the house and probed with a stick into the ash barrels along the curbing. When the wagon came to remove the ash barrels McGovern is said to have pursued the drivers with his stick, but said he was doing it playfully. A policeman stopped him and brought him to the police station, where McGovern went to the hospital without protest.

Car Shortage in Mississippi.

Mobile, Ala., Dec. 6.—Chairman McNair, of the Mississippi Railroad commission has just completed an inspection of the Mobile, Jackson and Kansas City road and reports at more than a dozen towns all of the saw mills have been compelled to close down for the reason that they are not furnished with cars for their shipments and some of the mill managers have been compelled to borrow money to pay their forces off. McNair declares the condition is inexcusable and says that if the Mobile, Jackson and Kansas City railroad is unable to get cars of its own, it should "beg, borrow or steal a sufficient number to accommodate the traffic along the line."

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 78 worms. For sale by W. M. The Christmas spirit is in the air and it is doubtful if there is a city in the State that has made more elaborate preparations for the holidays than our own. The merchants have responded to the feeling of buoyancy that the season creates and they have loaded the shelves and tables and even the floor space of their stores with everything that the season demands. They have bought heavily of holiday goods and every one of the establishments is a veritable exposition of things that are beautiful and sensible.

Christmas is eminently the children's day. From the gray of early dawn—it is the only day in winter when their eyes open at that hour—at the latest hour at night, let everything give way to the little autocrats whose tyranny is courted by every man and woman who has any of the essence of love in the breast. Romp and tumble and shout with them. When another Christmas comes some of them will not be here, and those that are will by one year be that much further from the royalty that doth so fittingly become them. Christmas is for the children—let everything bend to their enjoyment.

AGRICULTURAL COLLEGES.

The men who make a business of buying and selling live stock and who have watched the students of the various agricultural colleges in their work of judging live stock at the annual International Live Stock Exhibition held at Chicago, are convinced of the great value of the training offered to young men at these institutions, and are showing their faith by their works. This year Mr. J. Ogden Armour has offered $5,000 to the manager of the Exposition to be distributed in twenty annual scholarships to be competed for by the agricultural colleges in exhibits of animals and grain, "such other forms of agricultural student competition as may be recognized or established by the International Live Stock Exposition." The money won by the colleges is to be given to worthy poor students who are otherwise unable to attend the college. At a recent meeting of the deans of several of the agricultural colleges and the officers of the Exposition it was decided to award the scholarships in the following manner: The scholarships are to be divided among the colleges whose teams do the best work in the students' judging contest, as follows: For best work on horses, 1; sheep, 1; cattle, 1; hog, 1; corn, 1; grain and forage exhibit, 1; thus providing for seven scholarships. The remaining thirteen scholarships are to be awarded on the basis of the amount of cash prizes won by exhibits in the open contest for international money; the money won on the grain and forage exhibit not to be counted in this item. A ruling was made that no college is to be allowed to win more than forty per cent of the scholarships to be awarded.

Another generous offer has been made by Rosenbaum Bros., live stock commission men of Chicago. They are putting up purses aggegating $1,000 to be awarded as follows: The breeders and feeders of any State carrying off the highest number of awards will cause the agricultural college of that State to receive $500 in cash; the second, $300, and the third $200. This money is to be used by the colleges winning it in providing premiums to successful students in live stock and grain judgnig contests at the Winter Short Course, or to provide premiums for live stock exhibited at these short courses. With such recognition as this coming from the aggressive business men of the country the State Legislatures should have no hesitancy in providing adequate means for keeping up the good work of the agricultural colleges; and the young men on the farms should hasten to avail themselves of the training that has thus been pronounced so valuable by the most competent judges of the United States.

Jesus Christ was therefore God's fine Christmas gift to a sad and weary world. No wonder that Heaven's joy-bells rang! No wonder that the gates of Paradise seemed to open while angels looked down upon the scene. In that hour was born the spirit of cheer, peace on earth, and good-will toward men which has never died out during all the centuries which have passed. There have been times when its splendor has seemed dimmed, and when men appeared to forget the sentiments of that first Christmas message, but on Christmas day itself, few there are who do not count it a privilege to journey in imagination with the Wise Men of the East, to that humble cradle in the manger which the Christ-child made holy with its presence.

The stockholders of the Pullman company have dug up $27,000,000 that should have been in the pockets of its patrons.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

FIRST GREAT CHRISTMAS GIFT.

"He gave His only begotten Son"

The world stands upon the threshold of that season of the year when the thought of christendom instinctively turns to the most gladsome day in the annals of recorded time—the birthday of the Saviour of the world.

We may not be able with our finite understandings to comprehend the height and depth of the great plan which came forth from the mind of the Infinite and which comprehended the redemption of the entire human race, but we find in the Inspired Word this passage of unmistakable import: "For God so loved the world, that He gave His only begotten Son, that whosoever believeth on Him should not perish, but have everlasting life."

In these words we find an epitome of the Divine plan. The motive and the reason are both set forth, and while we may marvel over what was comprehended in that plan, we accept it as a great truth and know that the emerging of the world from darkness into light dates from the hour when the Star of Bethlehem flashed across the Judean sky.

HOW LINCOLN WON.

A Bad Looking Legal Case That Was Saved by Frankness.

The lawyer whose honesty is proved has the confidence of the judge and jury. A story of Abraham Lincoln is an illustration. He was appointed to defend one charged with murder. The crime was a brutal one, the evidence entirely circumstantial, the accused a stranger. Feeling was high and against the friendless defendant. On the trial Lincoln drew from the witnesses full statements of what they saw and knew. There was no effort to confuse, no attempt to place before the jury false facts other than they were. In the argument, after calling attention to the fact that there was no direct testimony, Lincoln reviewed the circumstances and, after conceding that this and that seemed to point to defendant's guilt, closed by saying that he had reflected much on the case, and, while it seemed probable that defendant was guilty, he was not sure and, looking the jury straight in the face, said, "Are you?" The defendant was acquitted, and afterward the real criminal was detected and punished. How different would have been the conduct of many lawyers! Some would have striven to lead the judge into technical errors with a view to an appeal to a higher court. Others would have become hoarse in denunciation of witnesses, decrying the lack of positive testimony and the marvelous virtue of a reasonable doubt. The simple, straightforward way of Lincoln, backed by the confidence of the jury, won. —D. J. Brewer in Atlantic.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

MOZLEY'S
LEMON
ELIXIR
The Ideal Laxative.

There are no unpleasant effects from MOZLEY'S LEMON ELIXIR, but its action is thoroughly effective. It regulates the Liver, Stomach, Bowels and Kidneys, cleanses the system of all impurities, but does not gripe or produce the least unpleasantness. MOZLEY'S LEMON ELIXIR, unlike other laxatives, has a most pleasing taste, children even beg for it. 50 cents and $1.00 per bottle.

AT ALL DRUG STORES.

A Hearty Laugh.

Never lose an opportunity for relaxation from the stress and strain of your business or profession. Every draft of laughter, like an air cushion, eases you over the jolts and the hard places on life's highway. Laughter is always healthy. It tends to bring every abnormal condition back to the normal. It is a panacea for heartaches, for life's bruises. It is a life prolonger. People who laugh heartily keep themselves in physical and mental harmony and are likely to live longer than those who take life too seriously.

Getting a Fit.

"What's the matter across the way?" asked the tailor of a bystander as the ambulance backed up to the door of his rival.

"A customer fell in a fit, and they are taking him to the hospital," was the reply.

"That's strange," said the tailor. "I never knew a customer to get a fit in that establishment before."

Man.

These are the real facts about the standing of the noblest work of God—man. He is first known as the son of his mother, then the husband of his wife and ends by being known as the father of his children.—Atchison Globe.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

BAR BLACKS FROM THE ARMY

Slayden Introduces Bill to Discharge Negro Troops.

Washington, Dec. 6.—Representative Slayden, of Texas, has introduced a bill which provides that "on or before the 30th day of June, 1907, all enlisted men of the army, who are negroes, or of negro descent, shall be discharged from the service of the United States and thereafter no negro or person of negro descent shall be enlisted or appointed in the army of the United States."

Explaining his bill, Mr. Slayden said:

"The bill speaks for itself. It was not introduced for buncombe. My purpose is to give the congress of the United States an opportunity to purge the army of an admittedly dangerous element. To say that the negroes are brave is not an argument against this measure. Many men have been brave; in fact, most men are in the matter of fighting. The Comanche and Sioux were as brave men as can be, but no one would seriously suggest that we ultimately recruit regiments from them, put guns in their hands and station them near companies of white troops, toward whom they entertain an inherent race hostility. The Twenty-fifth infantry is manifestly imbued with the same race hostility, and events have shown it to be quite as dangerous as the Sioux or Comanche would be."

President Roosevelt made it apparent to his senatorial callers that he is anxious for speedy action on a congressional resolution calling for information regarding the discharge of negro soldiers of the Twenty-fifth infantry for participation in the riot at Brownsville, Texas. As soon as a resolution is passed, he told them, he will send the information to the senate. The president further stated that either the Penrose or Foraker resolution, introduced in the senate will be acceptable to him.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Dispatcher Harris Indicted.

Mobile, Ala., Dec. 6.—T. J. Farris, chief dispatcher of the Louisville and Nashville railroad at Flomaton, Ala., was arrested here on an indictment from the United States court charging him with a violation of the arbitration act, in that he discriminated against a certain employe. It is alleged that he discharged from the service of the company a telegraph operator who was a member of the Order of Railway Telegraphers The case will be heard at this term of court.

BRUNSWICK GETS NEW ROAD.

Mass Meeting of Tax Payers Insures Construction of Road.

Brunswick, Ga., Dec. 6.—Brunswick's fourth railroad is now assured. The county commissioners upon petition of the largest taxpayers of the county, agreed to donate the use of the county gang for grading the 18 miles between Brunswick and the Altamaha to bring the Georgia Coast and Piedmont railway into this city. The county thus gives in labor around $60,000 and with the right of way and crossties donated the total will reach $100,000.

The company has agreed to purchase valuable water front for terminals and will remove its general offices from Darien to Brunswick.

A double draw steel bridge will be built over the Altamaha at Darien at a cost of $100,000. Work is expected to start by March 1 on the extension. The road is now completed to Collins, eight-five miles, and will build to Augusta during the coming year, giving northeast Georgia another outlet to the coast.

Second Sentence for Fews.

Macon, Ga., Dec. 6.—Henry Fews got the limit of the law in a second conviction on a charge of assault with intent to murder in the superior court and Judge Felton added ten years to the sentence of Monday, and the negro has twenty years in the penitentiary for shooting Messrs. W. G. Solomon, Jr., and C. M. Adams, Jr., on the night of Oct. 7, at the Centennial fair grounds. Few's trial did not last long. The jury had the case in their hands in time for dinner and sentence was passed this afternoon. The charge of shooting Adams was that before the court today. The negro will go to begin his term of sentence at once.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Negro Killed by Railroad.

Columbus, Ga., Dec. 6.—Peter Harvey, a negro, was run over and killed by a Central of Georgia passenger train, between Smith Station and Phenix, Ala. The body was scattered along the track in pieces for a distance of one hundred yards. The mangled remains, which bore no resemblance to a human being, were brought to Columbus in a crocus sack. His clothing was torn to shreds, and the only intact article was his wool hat. It is supposed that the negro had a fit, and fell on the track. Two eye-witnesses saw Harvey's Tragic death.

Double Killing in Louisiana.

New Orleans, Dec. 6.—News of two fatal shooting affrays reached here Tuesday night. At Alexandria, La., J. N. Rached, a constable, was killed by a bullet fired through the front window of George Herring's restaurant. Herring was arrested, charged with the shooting, it being alleged that the two had quarreled. In the farming community near Colfax, La., Fred Turner killed Tike Smith with a load of buckshot. Turner claimed that Smith had attempted to shoot him in lieu of collecting money due on a land deal.

Gun Goes Off, Killing Negro.

Wilmington, Mo., Dec. 6.—Gilbert Mosely, a 19-year-old negro, was killed by the accidental discharge of a shotgun in the hands of E. S. Ship, a white man. Ship had consented to lend the gun to the negro, and while carelessly passing it across a counter discharged one barrel into the negro's head.

That's It!

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup your cough will be a thing of the past. It is a positive cure for coughs, influenza, bronchitis and all pulmonary diseases. One bottle will convince you—at your druggist's, 25c, 50c and $1.00. Sold by W. M. Johnson.

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found In Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process developes in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that *look* like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco *you* are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.

AFTER SICKNESS

Our Local Druggist, W. M. Johnson, Advises Gainesville People to Take Vinol.

The one thing to aid recovery is to give the patient a blood-building and strength restoring tonic—one that will impart new life and strength to every organ in the body.

For this purpose our local druggist, W. M. Johnson, says: "Nothing equals Vinol."

Vinol is not a patent medicine, but a real cod liver oil preparation which contains besides peptonate of iron every one of the body building, medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the nauseating, greasy oil to upset the stomach and retard its work.

Vinol is delicious to take, and acts directly on the stomach, tones up the digestive organs, creates a healthy appetite, makes pure, rich, red blood and muscle tissue, and creates strength for every organ in the body.

If Vinol fails to build up the run-down and convalescent, give strength to the aged, cure stomach troubles, hard colds and hanging on coughs, we cheerfully refund every dollar paid us for it.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A. W. Sargent, Sr., and daughter, Miss Marion, are in the city from Avon Park. While here they will be guests of the former's son, A. W. Sargent, Jr.

Best ever made—Blue Ribbon Lemon and Vanilla. Absolutely pure, go twice as far and the "Blue Ribbon Flavor" is perfection. Ask for the 25c size.

Misses Lottie Littledale and Ruth Gay of Hawthorn have returned to their home, after a pleasant visit of a couple of days to Mr. and Mrs. H. P. Holstein.

J. Howell Sheats, who has been in this city for the past year, has gone to Tallahassee, where he will in future reside with his parents, Prof. and Mrs. W. N. Sheats.

Mr. and Mrs. Sylvester Scales of Booneville, Ind., have arrived in the city, and will spend the winter here. They are well pleased with Florida on their first visit.

Holly Mott has accepted a temporary position as salesman at the store of S. F. Brooks, on account of the illness of Clerk Scarborough, who is suffering from fever.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Mrs. Belle Beach and Mrs. Rathbree of McIntosh are in the city, and will remain here for an indefinite period. They are guests of Mrs. W. A. Carter, East Union street.

E. T. Roux of Plant City was in the city for a few hours yesterday on a brief visit to relatives, L. T. and F. A. Roux. Mr. Roux is engaged in the planing mill business at Plant City.

Mr. and Mrs. Chas. Dill, who have been residing at 607 S. Arredondo street for several years, will move to Waccahoota, where they have decided to make their future home. Mr. Dill has for some time been one of the efficient conductors in the employ of the Gainesville and Gulf railroad. Friends here will regret to lose them.
